## Profile

Hello! I am Tyson Meade. I am 21 and have lived in Ephraim, Utah for my whole life. I'm the oldest of 5 kids and am currently a full-time student at Snow College studying to become a Software Engineer. I love playing video games, coding, listening to music, watching movies/tv shows, spending time with friends and family, playing collectable card games, and driving. I served a mission for the Church of Jesus Christ of Latter-day Saints in Little Rock, Arkansas from October 2021 to October 2023 where I shared the message of the restored gospel to those in that area and learned leadership responsibilities as well as other life skills. I am a quiet, but willing listener. I put my heart into everything that means something to me. If you need someone, I am always there and willing to help in any way I can.

I taught people how to come unto him, invited them to be baptized, and helped them make promises with God through covenants.
